

How to turn on Eddie's Excellent News

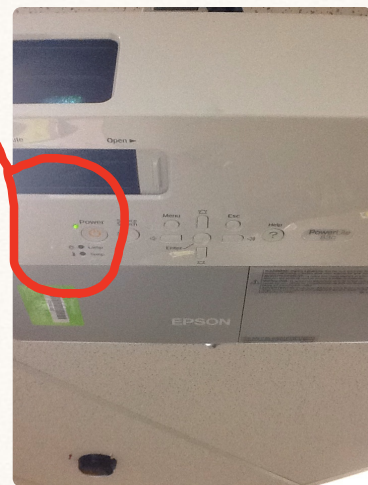

1. Point the remote at the projector.
2. Hit the red power button on the remote.
This will turn on the projector.

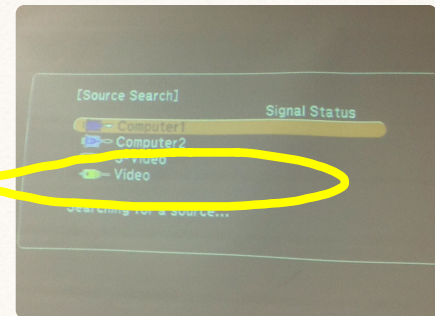

1. Once the green light has stopped flashing on the projector, the projector is on.

2. After the projector is on, on the remote press the source search button. This will search the sources. (Sources search button has been circled in green on the previous remote picture)

Depending on your classroom, the VCR may need to be powered on and on channel 10

- When you press the source search button on the remote, this projector will show is on the screen, make sure video is highlighted.

Sound:

1. Make sure the power is turned on on the sound box (found in the back of the classroom)
2. Master volume up
3. TV/DVD volume up
